

AI-Enabled Digital Platform Engineering

LN Webworks is an AI-enabled digital engineering partner, scaling toward \$10M in annual revenue while building and modernizing platforms for clients around the world.

Founder-led since 2013, we are headquartered in Ludhiana, India, with a global client base across North America, Europe, and Australia. More than a decade in the industry we are helping organizations modernize legacy systems, connect fragmented platforms, and apply AI in practical, measurable and more authentic ways.

The Digital Progression Framework

Every business is at a different stage of its digital journey. Our framework helps clients identify where they are today and what to tackle next for sustainable growth.

01

Legacy Modernization

Turn aging systems into a stronger foundation for speed, security, and scalability.

02

Systems Integration

Connect the tools that power your business and create a seamless flow of data and operations.

03

Digital Operations

Standardize workflows, improve visibility, and create consistency across teams and processes.

04

Workflow Automation

Automate repetitive processes so your teams can focus on higher-value work.

Industries We Serve

We bring digital engineering expertise to five industries where technology drives growth, efficiency, and customer experience.

SaaS

Build scalable products and platforms that support recurring revenue, evolving customer needs, and long-term growth.

Healthcare

Build secure, compliant digital platforms that improve patient experiences and streamline healthcare operations.

Higher Education

Create connected digital experiences that simplify academic workflows and serve students, faculty, and institutions.

Ecommerce

Build conversion-focused platforms that connect commerce, customer experience, and scalable digital operations.

Media & Publishing

Create content platforms engineered for speed, scale, audience engagement, and sustainable digital growth.

YOURSTORY

What Clients Say

Blaire Fernandez

Blaire Fernandez

CEO, Marengo

Describes a long-running, expanded engagement — LN Webworks built the company's Drupal site from scratch with Stripe integration, consistently exceeding expectations with clear communication.

Jan Safka

CEO, Atollon

Highlights LN Webworks' genuine focus on client satisfaction and a problem-solving mindset whenever issues arise.

Raphael Mahir

CEO, VisaGate

Credits LN Webworks' Drupal expertise and responsiveness for a new SEO-friendly site and custom e-commerce forms that improved visibility and conversion.

Hawke Media

VP of Web

Notes LN Webworks' flexibility and willingness to adjust their approach, staying open to feedback and maintaining strong communication throughout a long-term engagement.

One Team. Global Reach

Headquartered in Ludhiana, India, our founder-led team of 80+ engineers, designers, PMs, and marketing strategists works across time zones to support clients throughout North America, Europe, and Australia.
